

ALUMNI HANDBOOK

Life as a fresh graduate ...
with the Metropolitan University community

**METU once,
METU forever**

Dear Alumni!

You will remember the day of your graduation for the rest of your life. A new stage is coming in your life that will be full of adventures and challenges. Don't worry if you feel there is a lot of uncertainty everywhere - believe me, that's perfectly normal.

Now, however, we ask you to look back in time and rethink your path to graduation. Come on, it will be easy, it feels like it was just yesterday! Close your eyes and recall the day you first walked through the gates of Metropolitan University.

How much did you learn, how much did you improve in everything? How many new friendships have you made? Even if you made a mistake, you learned from them, didn't you? Even if it was hard sometimes, you could solve it, right? Feel free to recall these memories later!

In the future, no matter where you are in the world, our alumni community will support, help and inspire you. Let us stay in touch, be an active member of the Metropolitan University's alumni community.

Do not forget: METU once, METU forever. Read through the handbook to find out how you can have a golden life as an alumni!

We wish you many experiences, adventures and challenges in the future.

With love,

the Alumni team of the Metropolitan University
